# Vision and Mission of KLE Technological University

#### **Vision**

KLE Technological University will be a national leader in Higher Education–recognised globally for innovative culture, outstanding student experience, research excellence and social impact.

#### Mission

KLE Technological University is dedicated to teaching that meets the highest standards of excellence, generation and application of new knowledge through research and creative endeavours.

The three-fold mission of the University is:

- To offer undergraduate and post-graduate programs with engaged and experiential learning environment enriched by high quality instruction that prepares students to succeed in their lives and professional careers.
- To enable and grow disciplinary and inter-disciplinary areas of research that build on present strengths and future opportunities aligning with areas of national strategic importance and priority.
- To actively engage in the Socio-economic development of the region by contributing our expertise, experience and leadership, to enhance competitiveness and quality of life.

As a unified community of faculty, staff and students, we work together with the spirit of collaboration and partnership to accomplish our mission.

## Vision and Mission Statements of the KLE Law College

#### Vision

To inspire, sculpt, and empower the students through holistic education to attain the objective of 'Learn with Purpose and Live with Purpose'

#### Mission

- To disseminate industry-oriented legal education of global standards rooted in social values.
- To impart coherent legal education by laying special emphasis on participative clinical learning.
- To promote the values of democracy, diversity, and inclusiveness.
- To calibrate curricular, co-curricular, and extra-curricular activities in tune with the vision of the Institution and also foster democratic values.
- To organize community and social concern-oriented programmes in the domain of law with the common man as the focal point.
- To create an apt atmosphere for learning with the aim of developing ethically strong and morally exalted individuals with the values of love, truth, service, and sacrifice.
- To promote research culture and nurture innovative ideas among the faculty and students
